# Zscaler Recognized as ISV Partner of the Year at Microsoft Security 20/20 Partner Awards Ceremony

February 25, 2020

SAN JOSE, Calif.--(BUSINESS WIRE)--Feb. 25, 2020-- Zscaler, Inc., the leader in cloud security, today announced it has been named a Microsoft Security 20/20 award winner for the ISV Partner of the Year category. The company was honored among a global field of top Microsoft partners for demonstrating excellence in innovation, integration, and customer implementation with Microsoft technology.

“Zscaler is thrilled to be honored by Microsoft Security as ISV Partner of the Year,” said Jay Chaudhry, Chairman and CEO of Zscaler. “The close collaboration between Zscaler and Microsoft ensures organizations are equipped with innovative technologies that work better together to help secure their digital transformations. This award is truly a testament to our customers who are successfully leading in this mobile and cloud-first world.”

Zscaler and Microsoft help customers to enable secure digital transformation through integrations with Zscaler cloud security platform and Azure Active Directory, Microsoft Cloud App Security, Azure Sentinel, and many other security technologies enabling secure and modern Application Access to all enterprise apps regardless of where they are hosted. Additionally, Zscaler is the first cloud security provider to be a member of the Microsoft Networking Partner Program for Office 365. The program is designed to offer customers a set of partners whose deployment practices and guidance are aligned with Microsoft’s networking recommendations for Office 365 to provide a fast and secure user experience.

“Solving our mutual customers’ security challenges is very much a team sport,” said Andrew Conway, General Manager, Security Product Marketing, Microsoft Corp. “We are pleased to recognize these leaders in the ecosystem at Microsoft’s inaugural security awards.”

Go to the Zscaler website for more information on how Microsoft and Zscaler can help to secure digital transformation.

**About Zscaler**

Zscaler (NASDAQ: ZS) enables the world’s leading organizations to securely transform their networks and applications for a mobile and cloud-first world. Its flagship services, Zscaler Internet Access™ and Zscaler Private Access™, create fast, secure connections between users and applications, regardless of device, location, or network. Zscaler services are 100 percent cloud-delivered and offer the simplicity, enhanced security, and improved user experience that traditional appliances are unable to match. Used in more than 185 countries, Zscaler operates a multi-tenant distributed cloud security platform, protecting thousands of customers from cyberattacks and data loss.
