May 24, 2021

Top Fortune 500 IT Executive and Security Experts Share How They Successfully Accelerated Adoption of Zero Trust Security Models

SAN JOSE, Calif., May 24, 2021 (GLOBE NEWSWIRE) -- Zscaler, Inc. (NASDAQ: ZS), the leader in cloud security, today announced that virtual Zenith Live 2021 is happening June 15-16 in the Americas, June 16-17 in Europe, and June 22-23 in Asia Pacific. The event includes leading IT executives and security experts from Fortune 500 enterprises and large multinational organizations who have led secure digital transformation efforts using a zero trust model. Additionally, Zenith Live's immersive "Full Cloud Ahead" experience will provide attendees one-of-a-kind illuminating keynotes, breakout sessions and workshops to help organizations implement zero trust architectures, accelerate digital transformation, and advance their cybersecurity prowess.

"The cloud and mobility have accelerated digital transformation, which is driving tremendous speed and efficiency gains in the way businesses exchange information, collaborate and innovate, but it also exposes digital businesses to new cyber threats," said Chris Kozup, Chief Marketing Officer at Zscaler. "At Zenith Live, attendees will have the opportunity to choose from more than 50 cybersecurity training sessions, learn about new security innovations from Zscaler, and hear how the world's largest organizations are enabling zero trust to achieve their business transformation goals. I look forward to welcoming existing and future customers to Zenith Live 2021."
